NEWS FROM OUR CLUBS?

Help PSQ to make our Member Updates and website more informative, and promote your club! Let us know about:

- Happenings at the club
- Future plans
- An initiative/s which is working well
- Member profiles
- Funding success/es & projects
- Photographs

PSQ alone cannot promote our sport and our clubs – clubs are the only reliable source of the news and photos of the good things happening at clubs.

Perhaps there are some members out there who would like to volunteer to help their clubs with this?

We can then share it on the PSQ website.

Shooting Australia is running the National Come and Try May promotional day again in 2019. We are hoping more PSQ clubs will be involved and Club Registrations will be available soon on the Shooting Australia website.

No matter how small your club may be, sign up to be part of a nation-wide promotion of the shooting sports: pistol; rifle and shotgun!

So ... let's make 2019 the year for fantastic publicity and promotion of our sport!

NEW MEMBER BOOKLET

New members are now being provided with the 'New Member Booklet' in their Membership Pack.

This booklet is based on the ISSF matches as the ISSF matches give a sound basis for all the other disciplines.

Supplementary booklets for:

- Action Pistol
- Black Powder
- Metallic Silhouette
- Services & WA1500

are being developed with the help of members experienced in these disciplines. The supplementary booklets will be available progressively in 2019. The plan is that clubs will be provided with a pack of the supplementary booklets so that these can be passed on to their members if, or when, they move into other disciplines.

NEW Pistol Australia and PSQ Websites

Pistol Australia is in the process of building a new website and PSQ will take on this template, as was done for the current PSO website.

The Rules are now available from the PSQ Office or the ISSF website.

REMEMBER

There are many PSQ/Pistol Australia courses and services PSQ members can access as affiliates... some are supported by our funding from the State Government, some from funds from the RTO section of PSQ which presents the Weapons Safety Course

Try some of these at your Club!

- CATS (Come and Try Shooting) days
For women
For juniors
For those with a disability
For sporting teams

THINGS TO KNOW WHEN CONDUCTING MATCHES AT YOUR CLUB

- Every match listed on the Club's Range Approval must be a match registered to a recognised shooting organisation (advice from Weapons Licensing)
- To protect the participants, the Club Committee & the Club Representative, matches should be conducted as closely to the rules as possible.
- Affiliation requirements by the recognised shooting organisations, should be adhered to, valued and followed.
- Club members participating in Pistol Australia events/matches are required to be PA affiliated members ... a requirement of the national body for the sport of Pistol Shooting.
- The Pistol Australia holster events of Service Pistol; WA1500 and Action Pistol require Pistol Australia holster accreditation if the match is to be conducted according to the Rules. The Range Officer Guides for all PA holster events clearly state this accreditation requirement. A 'Club' Holster accreditation or holster accreditation from another shooting organisation does not allow individuals to shoot the PA holster events according to the Rules of the match, or the sport.

The Pistol Australia Certificate of Rights sets out all the accreditations granted by the various national or international organisations which give PA the right to access and provide the listed events to members – Club Secretaries have a copy of this certificate.
