Shooting Australia

#### Come and Try May

Shooting Australia's National Come & Try program called 'Come and Try May' aimed to increase participation in our sport.

Disappointingly there was not an enthusiastic uptake by PSQ clubs to be part of this national initiative and team effort to promote the shooting sports.

PSQ clubs which participated were:

Bowen PC
Brisbane International PC & BISC - combined pistol & rifle
Cairns Inner Circle
Cairns Target Shooting Club
Fraser Coast PC
Gladstone District PC
Mackay PC

Fraser Coast PC topped the participant numbers with 77 people attending!

Club registrations are now being taken for the 2019 'Come & Try May'.

Club Committees have been given the online link to register for the 2019 program.

Below is a statement and a thanks to the clubs which took part, from Shooting Australia's CEO Damien Marangon:

'Come And Try May has been an overwhelming success for our sport. Through this initiative which was kicked off using the Commonwealth Games activation site we have had almost 3,000 people try our sport. We have had more than 120 Clubs, from every discipline and in every State and Territory deliver Come And Try May activities. Importantly we have reached thousands and thousands through our digital, print, and communication strategies. Make no mistake, this initiative has been hugely successful for our sport. Well done to all involved and particularly to the clubs and individuals that took part. You have done yourselves, your clubs, and our sport proud and this initiative has shown our power when we work together in a meaningful way. Thank you.'

And from Shooting Australia's Community Development Officer, Jaime Drumm, who coordinated the whole program:

*'This has been more than a membership drive, although that has definitely been one of the many positive outcomes for the sport. We've worked together, with one voice, nationwide, we've said come and try our sport, we're really proud of who we are and what our sport is about and if you give it a try you'll understand and most likely be hooked too!*

*During this event we've had some of the oldest shooting clubs in the world engaging people, we've had small regional clubs grow their membership by 50%. We've broken down barriers with members of local government, state government MP's, and Federal Ministers.*

*You've begun conversations in some of the highest offices in the land, you've unlocked conversations about how to access funding*

*opportunities, you've had radio, print media, and television coverage around the country.*

*While the numbers are important, they don't tell the whole story of the impact that you have all made within your communities, and together across the country. Sometimes it might feel like it's just you and your gun, or even your club. This is a great opportunity for us all to step back, and look at what we have achieved collectively in this first year of National Come And Try May.'*

### **Courses:**

1. A Level 1 Range Officer Course is happening at the Murrumba PC this weekend.
2. Rex Wigney of the Qld Shooting Association provided a Range Operator Course at the Fraser Coast PC on 11-12 June - funded by PSQ

### **Coaching:**

Coach the Shooter sessions have been recently held at:  
Warwick PC  
South Burnett PC

Coaching is planned for the Rockhampton and Beaudesert clubs.

We have invited club Committees to request coaching for their club's members – in any (or all!) of the following areas:

1. Coach the Shooter Any discipline
2. Pistol Australia Club Instructor Accreditation
3. Shooting Australia Club Coach accreditation

## ISSF Pistol Australia Nationals

### Brisbane 2018

The PSQ Board and the Nationals Organising Committee wish to sincerely thank the PSQ members who put time aside to assist PSQ host the Championships. There were many volunteer roles to be had and we had a small but very dedicated group of members who stepped up to take on any task that needed doing. The dedication, cooperation, enthusiasm and willingness to be part of the volunteer crew was sincerely appreciated and helped share the responsibility of hosting such a major event for our sport.

The Championships concluded with a Presentation Dinner at the East Leagues Club at Coorparoo on the Sunday night, where the Aggregate and other special awards were presented.

Attendees enjoyed an excellent meal and great venue, and we were very pleased that our Patron Robbie Katter Jnr MP was able to attend.

Great work by our Juniors and well done to all our team members for their dedication and time spent training to represent Queensland.

Well done by all PSQ members who took up the challenge and entered – for most this was the first time they had competed on electronic target scoring systems. 49 members from 15 PSQ clubs competed, from clubs in the north such as Mt Isa, Dimbulah and Cairns through to Emerald Rockhampton and Childers and down to Toowoomba, Beaudesert and the Gold Coast.

## PSQ Junior Camp #1

Our first Junior Camp for 2018 will be based on Air Pistol and conducted at the Brisbane International Shooting Centre on Jun 29-30 and 01 July.

PSQ fully funds juniors to attend the Camp: travel; meals and accommodation on the Belmont Shooting Complex.

Registrations for this Camp close on Friday 22 June, or by 15 June (today!) if juniors are flying in. Club Secretaries were sent the paperwork for the Camp on 31 May (to pass on to their Club's juniors) and personal invitations went to the juniors we have had contact with in the past, also on 31 May.

## Laser Pistol

PSQ has purchased two laser pistols.

These pistols will be used purely for marketing and promotional purposes, as per their use at the Shooting Australia Activation Site at the Commonwealth Games.

More information on the use of these pistols by clubs and in promotional activities will come out soon.
