From Marg Baker: PSQ Officials Coordinator

A shout out to all our Level 1 and Level 2 Range Officers.

Do you know that in 2020 we qualified 61 level 1 and 5 level 2 RO's?

In 2021 there were 41 Level 1 RO's qualified and no Level 2's

So far this year there are just 18 newly qualified Level 1 RO's.

What we really need is for some of the Level 1 RO's to step up and train to become Level 2 Range Officers in Black Powder, ISSF and Service/WA1500. Ideally some of Queensland's experienced Level 2 Range Officers, in these disciplines, will step up and commence training as a Judge: we really do need more from all regions in Qld.

Currently there are 3 Action Pistol judge C's almost ready to be signed off and one ISSF Judge C has commenced training.

Although our overall numbers look good, when you take into consideration the 51 Sanctioned Competitions in Qld this year, our judges are spread very thinly - even the retired judges have commitments other than shooting!

AT THE CLUB

As advised previously: participation requirements for 01 July 2021 – 30 June 2022 will be as per the pre-COVID requirements:
For 1 class of Cat H: 6 participations
More than 1 class of Cat H: 4 participations per class.

RANGE OFFICER SIGNING THE RANGE REGISTER

Remember that the Range Register must show the signature of the Range Officer for each person (that is, each line) who signed the Range Register.

No brackets or dittos to be used.

Each person must provide their Category H licence for sighting at the time... no licence, no shoot! **Make sure this is happening at your club please – this is a Weapons Act requirement**

The Cat H or Minors Licence plastic card must be provided – a photo or digital copy cannot be used instead.

Your Club should have on display for all members to see and be aware of:

- 1. Weapons Licensing Club & Range Approvals**
- 2. The Club's Standing Orders**

Weapons Licensing has advised that participants who compete in a detail must not be the Range Officer for that detail.... unless shooting alone if your club allows this.

The Weapons Act states that the Range Officer must ensure that everyone participating is 'properly supervised' ... something that is impossible to do if the RO is participating in the same detail. All about risk management and adhering to the Weapons Act.

COVID-19 and Sport

Pistol Clubs are to maintain adherence to the Government's & Queensland Health's COVID requirements for all community sport.

COVID Requirements:

PSQ Sanctioned Events (and at your club level events too)

Government requirements continue to stipulate:

1. Regular cleaning and sanitising of facilities and touch points.
2. Physical distancing to occur:
 - Off the shooting line and generally around the facility.
 - On the shooting line (every second bay, if possible)
3. Competitors who are unwell are not to attend, or asked to leave.
4. Masks: individuals can choose to wear of-course.

COVID Care at Sanctioned Events

COVID & now the Flu is very much a concern. PSQ is:

1. Following the Queensland Government's and Qld Health's directives;
2. Committed to protecting Member Clubs; the members; the volunteers and the Judge/s for these events
3. Allowing vaccinated and unvaccinated members to compete at a PSQ Sanctioned event if the host club endorses this.

Individual members attending any club or PSQ sanctioned event have an individual responsibility to adhere to the health rules in place at the time and to consider their fellow members and volunteers.
