

# ACTION WORLDS 2026!

\*\*\*If you have **any questions**, can you, please submit them to [competitions@pistolshootingqld.org.au](mailto:competitions@pistolshootingqld.org.au) with the **subject line CMP Action Worlds** and we will respond as quickly as we can.

## Last Update: 3 March 2026

Please find the competition program of events, the program also includes the Target Pistol Australia National Championships which is the week prior to the Action Worlds...

## [ACTION PISTOL OCTOBER PROGRAM 2026](#)

We understand participants are starting to prepare for this event just as we are! We are excited for 2026.

We are currently finalising some of the logistics and once all complete we will be able to provide further details.

In the meantime, there are a few Q&A's below for reference:

[Does Australia/Queensland have restrictions firearms/accessories/spare parts wanting to be imported into Australia?](#) Yes, there are, restrictions, we are working on some of these currently and this will be defined once all the logistics are finalised - stay posted.

**Update 3 March 2026** - Magazines larger than 10 round capacity are not permitted in Australia; we are currently seeking Border Force and Government approval for these to be permitted for import/export for the duration of the competition. This is ongoing and we will update you with this information as soon as we have an outcome.

[Can I purchase ammunition in Australia/Queensland?](#) As you will be issued with a Qld Police Visitors Permit, this will allow you to purchase ammunition as the dealer has to do an online check of the licence - this has just been tested by our Firearms department...and it works!

**Update 3 March 2026** - We are able to confirm we have a company able to load personal quantities, please send email to the above email address for more information

[Are there restrictions to the amount of ammunition I can import into Australia?](#) This is usually controlled by the airlines, with the approved weight being 5kgs

[Import and Export documentation](#) - we will supply a link on our website to all the appropriate documents required for completion.

**Update 3 March 2026** - The import and export documents will be available here in April.

**How long before my departure do I need to apply for my Import Permit and Visitors Licence?** We suggest 4 months prior to your departure. We will set a date to be around 20 June - but this will be confirmed closer to the time and will be with the Import Package we provide the link to.

**How long before my departure do I need to apply for my Export permit (to depart Australia)?** We will check a little closer to the time, but usually once you have notification that your Import and Visitor Licences are approved, you can start the Export process.

**Does the Import/Export Permits or Visitors Licence cost \$\$\$s?** Yes, only the Visitors Licence costs approximately AUD\$58 and has to be paid directly here at a local Police Station. Once your paperwork is received to our local support person, we will then make arrangements for payment.

**So, how do I pay for the Visitors Permit?** We will have a local person that you can forward all your paperwork to and who will coordinate with the Firearms department of the Police and Australian Border Force to obtain all your document approvals, and payment will also be made on your behalf - we are here to help you through your preparations to compete here in Australia/Queensland!

**Do I need to be a member of a club or association?** You will need to be a member of a club in your country of residence to be able to obtain import permits and to compete.

**Will there be food available at the Range?** The host club will be providing catering throughout the event – Breakfast, Lunches and snacks along with cold drinks and great coffee!

#### Key Dates

March 30	Advise on when Entries will Open!
April 15	Import and Export Documents available on PSQ Website
